# Selected natural gemstones

## *Our DNA*

*It was 1922 when Massimo Moraglione, an artisan driven by a great passion for precious stones, founded his goldsmithing business.*

*From that moment, the tradition has been passed down, keeping alive a story that leads to the company we are today.*

*The purity of gems meets the precision of our craftsmanship.*

*We select only the highest quality gemstones, chosen for their color, clarity, and brilliance. Each stone is enhanced by impeccable cuts and color combinations carefully curated by our designers.*

## *Our Icons*

*Every Moraglione collection holds a world of shapes, light, and inspirations. A journey through elegance and harmony.*

## *DESIGNED BY US, CRAFTED FOR YOU.*

*A story that takes shape in collections inspired by iconic princesses Grace, Sofia, Margherita, and Anastasia symbols of grace, strength, and eternal beauty.*

*A selection of jewelry that expresses our identity: harmonious proportions, natural gemstones, and an Italian design that enhances contemporary femininity.*

EASY

*Essential lines*

## *The beauty of brilliance*

*Stones of unmistakable brilliance, enhanced by the iridescent reflections of mother-of-pearl, blending with the clear purity of hand-carved natural semiprecious gems.*

## *Anastasia*

*A collection that masterfully blends harmonious shapes with precious transparencies, inspired by the elegance of Princess Anastasia.*

## *Everyday elegance*

*Cabochon-cut stones, with their smooth and luminous surfaces, lend an elegance to the jewelry that is perfect for any occasion. Their delicate shades blend naturally with everyday style, while always maintaining a refined and distinctive character.*

## Sofia

*The Sofia collection is one of Moraglione 1922's iconic lines. Cabochons with classic lines, reimagined through a modern lens.*

### *Subtle, refined hues*

*The different shades of Sofia, from delicate pink to deep blue, evoke the richness and sophistication of the tradition that inspires the collection.*

*Enveloping forms that enhance the purity of the cabochons, transforming every jewel into a unique piece where elegance and modernity meet with natural ease.*

*A variety of colors allow for personal combination. A line designed for those who love to change their look with ease, experimenting with new pairings every day.*

## *Royal colors*

*The soft lines of the pendants enhance the stones' natural color. Each shade is chosen to evoke a different emotion, creating a collection that blends harmony with refined simplicity.*

## Harmony of light

*Designed to enhance the natural tone of light, each creation in the Grace collection blends warm, luminous colors into a harmony of precious shades. The gemstones, selected for their purity and brilliance, merge into a timeless aesthetic.*

## Grace

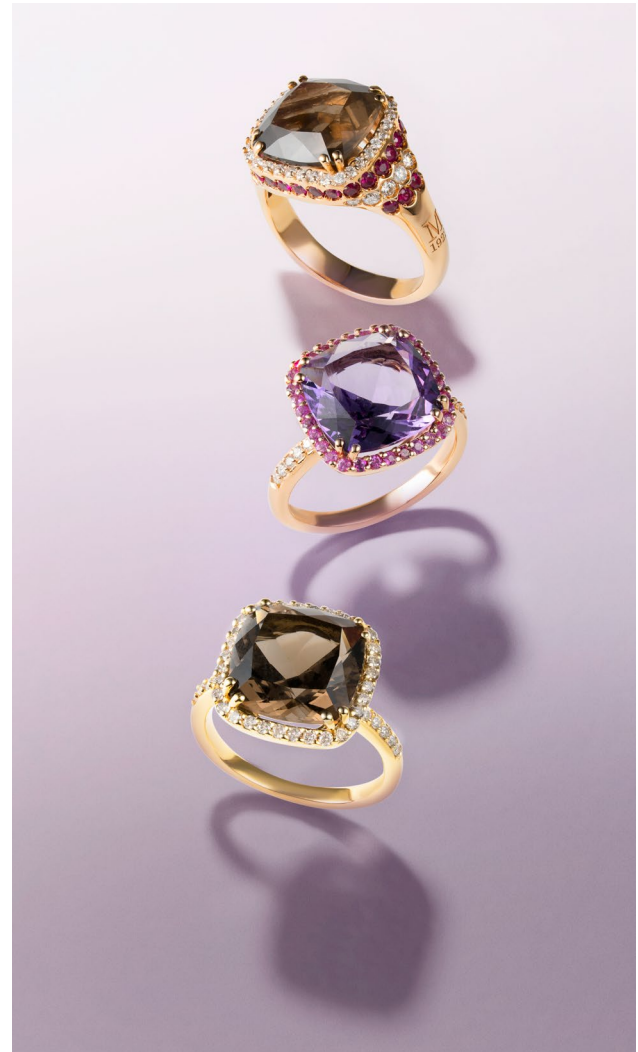

*Inspired by the elegance of Princess Grace of Monaco. Large semi-precious stones, paired with diamonds, create refined plays of light.*

*From the deep red of garnet to the blue of topaz, wearing a Grace jewel means immersing yourself in the Italian essence of color, celebrated through their natural beauty.*

## *Color tones...*

*Garnet nuances express an intense and sophisticated character. Each stone is selected for its purity and color, blending traditional craftsmanship with contemporary style.*

## *... and sunset shades*

*Red and amber gemstones, crafted to enhance their depth and warmth, interpret a bold yet always impeccable elegance.*

## Classic in motion

*Compositions of colored gemstones evoke the historic jewels of Italian royalty. Emeralds, sapphires, and rubies, framed by diamonds, create a harmonious balance that brings a fresh perspective to classic charm.*

## Margherita

*Inspired by Queen Margherita of Savoy, an icon of 19th-century Italy, this collection celebrates classic elegance through white, brown, and black diamonds paired with emeralds, rubies, and sapphires. Delicate shapes and refined details reinterpret traditional taste with contemporary simplicity.*

# Colorful clusters

*Thin bracelets and elegant rings lend lightness and fluidity to the design. Small groups of refined gemstones create a style that is discreet by day and sophisticated for evening occasions.*

## *Sapphires, rubies and emeralds*

*Intense and luminous sapphires express a bold and precious character.*

*Rubies and emeralds complete the composition with deep, refined shades, creating a chromatic balance of rare harmony and prestige.*

*The design of these models enhances the brilliance of the stones, blending tradition and modernity with essential elegance.*

## The essence of time

*Original handcrafted designs from the 1960s reflect the refined taste of vintage style. Each ring is unique, preserving the charm of the past and transforming the preciousness of the gems into a distinctive signature.*

## Vintage

*The Vintage collection brings together classic styles and refined compositions, created by Moraglione's own designers. These are unique pieces that safeguard an authentic chapter of the Maison's history.*

## *Essential lines*

*Clean lines and essential details make these rings and earrings perfect for a spontaneous, modern look. Easy to style and comfortable to wear, they add a touch of freshness to any outfit.*

## *Easy*

*The Easy collection is designed for those who prefer a young, essential, and immediate style. Lightweight and versatile, these jewels are ideal for everyday wear, to be worn naturally without sacrificing a touch of color and character.*
